Etzler Financial Donates Scoreboard to Red Bluff Little League

Red Bluff, CA – Red Bluff Little League is the recipient of a new scoreboard. Etzler Financial Services purchased a new scoreboard earlier this year to replace the existing one at Hobart Field where the Major Boys Division teams play baseball.

“Etzler Financial Services is committed to supporting educational excellence in the Red Bluff area. This scoreboard improves the quality of the experience for the youth in Red Bluff Little League,” stated Matt Etzler. “We are pleased to work with the dedicated volunteers of Red Bluff Little League to assist in the improvement of their facilities.”

“A small group of community volunteers work tirelessly to improve the quality of Red Bluff Little League. The funds the league receives from player registrations, sponsors, and fundraisers are used for purchasing uniforms and equipment – things that directly benefit the children of the program. There isn’t much money left over to fund the endless facility improvements that are needed.”

“Our donation to replace the scoreboard for Red Bluff Little League and the continued generosity from other community-minded businesses is critical to provide safe and sound facilities for the kids of our community,” stated Etzler.

Etzler Financial Services is proud to support the 600+ children that participate annually in the Red Bluff Little League programs.
